Proposed Consent Decree, Clean Air Act Citizen Suit

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Proposed Consent Decree; Request for Public Comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act, as amended (“CAA” or the “Act”), notice is hereby given of a proposed consent decree to address a lawsuit filed by WildEarth Guardians in the United States District Court for the District of Colorado: WildEarth Guardians v. McCarthy, Civil Action No. 1:13-cv-03457-JLK (D. Colo.). On December 23, 2013, Plaintiffs filed a complaint alleging that Gina McCarthy, in her official capacity as Administrator of the United States Environmental Protection Agency (“EPA”), failed to take action on an application for an Operating Permit under Title V of the CAA, and EPA’s implementing regulations for the Deseret Bonanza coal-fired power plant, which is located in Uintah County in northeastern Utah, within the Uintah and Ouray Indian Reservation, in the timeframe required. The proposed consent decree would establish deadlines for EPA to take such action.

SUPPLEMENTARY INFORMATION:

I. Additional information about the proposed consent decree.

The proposed consent decree would resolve a lawsuit filed by WildEarth Guardians (“Guardians”) seeking to compel the Administrator to take action on an application for an Operating Permit under Title V of the CAA, 42 U.S.C. 7661 – 7661f, and EPA’s implementing regulations at 40 CFR part 71 (“Title V Permit”), for the Deseret Bonanza coal-fired power plant (“Deseret Bonanza Power Plant”), which is located in Uintah County in northeastern Utah, within the Uintah and Ouray Indian Reservation. Under the terms of the proposed consent decree, on or before August 29, 2014, EPA will issue a final Title V permit decision for the Deseret Bonanza Power Plant and provide notice to Guardians in accordance with 40 CFR 71.11(i). In addition, the proposed consent decree arranges for payment to the Plaintiffs for the costs of litigation, including attorney fees.

For a period of thirty (30) days following the date of publication of this notice, the

Agency will accept written comments relating to the proposed consent decree from persons who are not named as parties or intervenors to the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice determines that consent to this consent decree should be withdrawn, the terms of the consent decree will be affirmed.

II. Additional information about commenting on the proposed consent decree.

The official public docket is available for public viewing at the Office of Environmental Information (OEI) Docket in the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave., NW, Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. Once in the system, key in the appropriate docket identification number then select “search”.

It is important to note that EPA’s policy is that public comments, whether submitted

electronically or in paper, will be made available for public viewing online at www.regulations.gov without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. Information claimed as CBI and other information whose disclosure is restricted by statute is not included in the official public docket or in the electronic public docket. EPA's policy is that copyrighted material, including copyrighted material contained in a public comment, will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the EPA Docket Center.

B. How and To Whom Do I Submit Comments?

You may submit comments as provided in the **ADDRESSES** section. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments.

If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment and with any disk or CD ROM you submit. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. Any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact

you for clarification, EPA may not be able to consider your comment.

Use of the www.regulations.gov website to submit comments to EPA electronically is EPA's preferred method for receiving comments. The electronic public docket system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment. In contrast to EPA's electronic public docket, EPA's electronic mail (e-mail) system is not an "anonymous access" system. If you send an e-mail comment directly to the Docket without going through www.regulations.gov, your e-mail address is automatically captured and included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.
